Jointly Organized by Department of Psychology,
Farook College (Autonomous) & Team Incubation

KERALA'S **BIGGEST** GATHERING OF PSYCHOLOGY STUDENTS

About the Organizers

Department of Psychology, Farook College (Autonomous), Calicut

Department of Psychology, Farook College has been established in the year of 2012, which offers Under Graduation and Post-Graduation courses in Psychology. Department aims to bridge the gap between the theoretical concepts with practically applied domains of psychology. The Department has well equipped laboratory for experimental psychology and psychological assessments. The curriculum is integrated with field work in hospitals, industries and advertisement consultancies, keeping in view of students' placement after the successful completion of the course. The Department has a Student Counselling Centre under the guidance and coordination of the Head of the Department which provides services like individual counselling and help the students in their day-to-day concerns and also enhance their overall functioning.

Team Incubation

Team Incubation, a Calicut based non-profit organization run by a group of young and vibrant youth from various premier universities in India, started its journey in the year 2014 as a student initiative and registered itself as charitable society. The idea of such an educational start-up was formed after a series of discussions, meetings, and comprehensive research. The programs of Incubation are governed by a working body under the supervision of an incredibly talented group of leaders. Their vision coupled with their will and dedication has led to the growth of the organization over the past few years. Now, it has spread its programs in colleges and schools all over India with plans of many future projects underway.

About the Event

Alchemy 2023: National Career Conclave on Psychology

With a mission to promote the development of the science and profession of Psychology, Alchemy 2023: National Career Conclave on Psychology aims to build a professional network of psychology students, scholars and careerists across the country. Marking Kerala's biggest gathering of psychology students, the conclave hosts panelists from the premier institutes of India and abroad. The gathering will explore the field of psychology in greater depth, thereby enhancing the skills to reach the full academic potential.

The two day career conclave comprises sessions by experts from major substantive domains of psychology and the interactive platform offers opportunity to exchange trending ideas on education, training, research and applications of psychology. The residential summit will also feature cultural activities, infotainment programmes and several contests.
